ASSISTED LIVING

Helping seniors and families
find solutions.

Just Ask. Together, we'll find the answers.

Together, we can make a real difference.

By assessing each resident's needs, abilities, goals for the future and personal preferences, we work together to create a customized Level of Care Assistance Plan. This plan helps ensure we are doing all we can to enhance everyday life for every resident. And we review these plans on a regular basis, to determine if there's more — *or less* — we should be doing to help them live life the way they want to live.

While providing support, we also encourage the improvement of our residents' abilities to manage tasks. At Presbyterian Manors, within a maintenance-free environment full of friends and neighbors only steps away, you'll find that life is more engaging, and worries about household chores or responsibilities are replaced with more freedom to enjoy each day.

Covered services include:
